Council Stalls Hearing on Rome Budget

Some evidence of dissatisfaction among aldermen with some provisions of the proposed 1949 budget was apparent at last night's Common Council meeting when no resolution providing for a public hearing on the matter was introduced.

In previous years, it has been the custom of the council to schedule a public hearing for its meeting night after receiving the proposed budget.

The budget, calling for a record high tax rate of \$48.19, was presented to the council last night from the Board of Estimate and Contract which had approved the figures earlier yesterday.

The proposed tax rate tops last year's by \$1.82 per thousand assessed valuation. The total budget would be \$1,500,061, within \$21,580 of the 2 per cent constitutional tax margin.

AFTER THE MEETING, several aldermen commented that they would require time to study in detail the recommendations of the Board of Estimate and Contract.

Aldermen were known to be questioning the comparative large salary increases that would be granted some city officials in 1949 if the budget is approved.

The council also heard its Democratic president, Everett L. Arthur, read the annual budget message of Mayor Schantz, in which the mayor urged the aldermen to seek new revenue sources and to inaugurate a re-valuation of all real estate properties in Rome.

The mayor went on to re-emphasize recommendations he has made previously to the council, urging it to provide for a "fair and equitable valuation."

SCHANZ WARNED that "unless the state comes forward with additional state aid for school construction, the program of future new school construction in Rome will be retarded."

Clinton Cat Saved From Lofly Perch

Clinton — Peter made an inspection tour of the Clinton Baptist Church yesterday afternoon. Everything went well until the black cat, belonging to Mrs. Winslow H. Wilcox, 2 E. Park, was up on a roof and could not get down.

Persistent cat calls attracted the attention of Mrs. Winslow who was working in the yard of her home next door. But it was some time before she could locate Peter peering over the edge of the raves-drains, some 35 feet above the ground.

Mrs. Winslow asked Patrolman Mario D. Gilbert for help and Gilbert secured the cooperation of the fire department: James Burns, Howard Dawes and Al Desimone helped Gilbert raise the ladder on the truck while George Ellis climbed skyward for Peter. He was very happy to accept a lift back to solid ground without a struggle.

Frost Does Heavy Damage In Exposed County Areas

Jack Frost was booked for murder yesterday—hundreds of Oneida County farmers charged he had made his first serious raid of the year.

His offenses included killing flowers, vegetables, vines and other crops. The frost also pushed the mercury down to 20 degrees in the northern sections of the county and 25 and 29 degrees in the southern parts. The attack was heaviest in elevated sections — Paris Hill, Deerfield Hill and Waterville.

SOME FARMERS reported the hoary visitor quickened the flavor of their apples and grapes.

Most farmers were well prepared for the first visit of the chilly visitor, which had been expected around Sept. 20 to 26. The heavier coats of dairy cattle immunized them. Farmers already had stored much late corn and had covered pumpkins and squash.

Mrs. Fred O. Schwender, 135 Eastwood Ave., said the frost had killed many flowers and vegetables.

Alonso Allen, Waterville, said that half of his 116-acre crop of potatoes were harvested and the other half was not damaged. But the frost turned green into black in the Waterville area. In Remsen, Boonville, New Hartford, Utica and Westmoreland areas the same results were reported.

Allen remembered that the frost hardened the ground of Sept. 26 last year. He added that some corn which has been left out in the warmer part of the county will not be improved in storage after the attack by the frost.

Mrs. Harold Dinnarsfield, Deerfield, reported the water froze on her place.

George Maine, Marcy, reported considerable damage there. The thermometer read 20 degrees.

David Roberts, Saugott, noticed at 7 a. m. the frost had pushed the mercury to 28 degrees and that water was frozen. Roberts said he expected another heavy frost before long.

Edward Benson, Whitesboro, also reports more frost. Benson reported temperatures of 26 and 28 degrees at 5:30 p. m. Mrs. Hugh Jones, Barneveld, said the frost blackened the dahlias and damaged other flowers in her garden.

Charles Daves, Kirkland, reported heavy damage. But Daves had harvested his beans and corn. Daves' thermometer read 29 degrees at 7 a. m.

In downtown Utica, a thermometer registered 20 degrees at 3 a. m., 25 degrees at 6 a. m., 29 degrees at 9 a. m. and 40 degrees at 6 a. m.

This will include a new staff house and more cabins. The camp was operated successfully last Summer and greater interest already is manifest for next season he said.

The First Methodist Church, however, had the largest delegation present. A close second and third was Mohawk and Union, with Frankfort in fourth position.

The rally opened with a copious dinner served by the women of the Frankfort Church. The speaker was Mrs. Fred Bernhold, Utica, minister of Christian Education, Olivet Presbyterian Church.
