**Dawes Family Hold Annual Reunion**  
The annual reunion of the descendants of the late Charles Dawes was held at the Dawes homestead on Dawes avenue on Sunday. There were sixty-one members of the immediate family present.

Dinner and supper were served in the large orchard adjoining the house and the afternoon was spent enjoying various sports. A baseball game was a feature of the afternoon, the two teams being captained by Fred Dawes and Carl Dawes, the latter winning.

A committee for next year's reunion was appointed with G. Edward Dawes as chairman, assisted by Mr. and Mrs. Earl Dawes and Mrs. George Dawes.

Out of town guests present were Mr. and Mrs. P. J. Burns of Syracuse, Mr. and Mrs. William Green and son of Albany, Mr. and Mrs. Geo. Gallagher of Buffalo and Mr. and Mrs. Charles Burns and daughter of Syracuse.

**Annual Meeting of the School Board**  
The regular reorganization meeting of the Board of the Clinton High School was held on Thursday evening. Robert O. Burns was re-elected president and the other officers chosen were Robert I. Williams clerk and Robert U. Hayes treasurer.

Members of the board expressed their appreciation to Mr. Burns for the manner in which he as president has administered the affairs of the school during the past year. The other members of the School Board are John R. Sinnott, Arthur Easingwood, John D. Strain and Mrs. George Riley.

**Grange Plan Annual Fair**  
Third and fourth degrees were conferred at the meeting of Clinton Grange in Grange Hall Saturday night and announcement made that members of Clinton Grange had been invited to be guests of Knoxboro Grange Tuesday night. Those desiring transportation should notify Harold Craig, master, or Mrs. W. G. Comstock, secretary of Clinton Grange.

Committees for directing activities of the annual grange fair, to be held September 27-28, in Grange Hall, were also announced. They are: General committee, Arthur W. Roberts, Elbert Evans, Joyce E. **Weller Explains Land Grants of the Town of Sangerfield**

**Explains That Jedediah Sanger Took No Title to Any Land in Sangerfield from the State of New York—Acquired Land in Township Either from John J. Morgan, Original Patentee or from Some of the Grantees of the Latter**

"Some misapprehension appears to prevail concerning the grant of the lands comprising the present town of Sangerfield by the State of New York to the original patentee," declared Lawyer W. H. Weller of Waterville in a statement to the Times today.

Mr. Weller points out that Jedediah Sanger, after whom the town is named, took no title to any land in Sangerfield from the State of New York, but that whatever land he subsequently acquired in this township, he obtained either from John J. Morgan, who obtained the original grant from the state, or from some of the grantees of the latter. Mr. Weller explains the Sangerfield grant as follows:

"At a meeting of the commissioners of the land office of the State of New York, held at the city hall in the city of New York, on Monday, the 11th day of July, 1791, it appears in the minutes of such meeting that the application of Michael Myers, Jedediah Sanger and John J. Morgan for the purchase of townships Nos. 18, 19 and 20, being three of the 20 townships on the Unadilla River \* \* \* being duly read and considered, it was 'Resolved, that this board do accept of and agree to the same and that the Surveyor General be and hereby is directed to survey the said townships in three separate surveys for, and at the expense of said purchasers and that he make a return thereof to the board, with all convenient speed.'

"This resolution was recorded in Land Office Minutes, 1788-1796, in Book No. 2, at page 196, and is at present in the custody of the secretary of state at Albany, N. Y., where the writer copied same some years ago.

"The township No. 20 above referred to comprises all of the present town of Sangerfield, and all that portion of the town of Bridgewater, which is located west of the west branch of the Unadilla River.

"At a further meeting of the commissioners of the land office of the State of New York, held at the secretary's office in the city of New York, on Friday, the 3rd day of May, 1793, present, His Excellency, George Clinton, Esq., Governor; Lewis A. Scott, Secretary; Gerard Bancker, Esq., Treasurer; and Peter F. Cuttenius, Esq., Auditor, the following proceedings were had:

**Patents in Morgan's Name**  
"The Surveyor General having, agreeable to a resolution of this board of the 11th day of July, 1791, made three returns of survey, dated the 23rd day of January, 1793, one of township No. 18, one of the unold parts of township No. 19, and the other township No. 20, being three of the townships laid out for sale on the west side of the Unadilla River and contracted to be sold to Michael Myers, Jedediah Sanger and John J. Morgan on the said 11th day of July, 1791, township No. 18 containing twenty-two thousand five hundred and sixty-five acres; the unold part of township No. 19 containing twenty thousand, seven hundred and fifty acres, and township No. 20 containing twenty-four thousand, eight hundred and fifty-six acres as by the said returns of survey, filed in the secretary's office will more fully appear, and the full purchase money having been paid for said tracts or townships as returned by said surveyor above mentioned as appears from the Treasurer's receipts endorsed on the same; and it also appearing from two certain instruments in writing, one under the hand of the said Michael Myers, and the other under the hand of the said Jedediah Sanger filed in the secretary's office with said returns, that the whole of the purchase money was paid by the said John J. Morgan, and that therefore it was requested by them, the said Michael Myers and Jedediah Sanger that the patents for the same should issue to the said John J. Morgan accordingly, in his name solely, therefore,

"Resolved, that the secretary do prepare three separate letters patent to the said John J. Morgan, in his name solely, for the said townships No. 18 and 20 and part of township No. 19 accordingly, and lay them before this board for their approbation.

**Patents May Be Seen Here**  
"The secretary having prepared the said three letters patent, directed to be prepared for the said John J. Morgan, laid them before the board for their approbation, and the board having inspected the same, do approve thereof."

"This resolution appears of record in Land Office minutes 1788-1796, in Book No. 3, now in the office of the Secretary of State at Albany.

"The original letters patent issued in pursuance to the above resolution of the three townships above named are written upon parchment, signed by Geo. Clinton, Governor, attested by the great seal of the State of New York, and granting the lands above described to the said John J. Morgan, is framed and hangs upon the wall of our office in Waterville.

"In fact, there appears of record in the Oneida County Clerk's office, no deed from Morgan to Sanger of lands
